ZUIDERDAM

Holland America Line

EASTERN CARIBBEAN CRUISE

SUNRISE 7:16 AM ♦ SUNSET 6:59 PM

DEPARTURE: 5:00 PM

Welcome Aboard!

Welcome to the Zuiderdam, one of Holland America Line's newest ships! First things first. It's pronounced Zi-der (rhymes with "cider") dam. And it's the second ship in Holland America's 130 year history to bear the name. When the first Zuiderdam was built, we carried mostly Dutch passengers, who actually knew how to pronounce it. The Zuiderdam you're sailing on is nearly seven times the size of the first one, which was launched in 1941, but was never completed after being damaged during World War II. Holland America passenger ships have traditionally been named with the "dam" suffix. The "dam" has been coupled with a famous river, mountain, sea, city and often, a directional bearing.

The Zuiderdam is named for the south point of the compass. Her sister ships, the Oosterdam and Westerdam are named for the east and west. No matter how you pronounce it, Captain John Scott, Hotel Manager Diderik Van Regemorter and Cruise Director Dane Butcher extend a warm welcome on board and hope you have the vacation of a lifetime.

TONIGHT'S DRESS: CASUAL

No shorts, tank tops, swimwear, or workout attire.

IT'S SHOWTIME

This afternoon in the Vista Lounge on deck 2, hear about the fantastic onboard services we have where you could win lots of fantastic prizes from \$1000 worth of art to a spa retreat pass for the entire cruise at 3:00pm for the Great Zuiderdam Giveaway. Then this evening at 8:30pm for Early Seating and again at 10:30pm for Main Seating, your Cruise Director Dane presents the cast of talented performers in one of our newest show spectaculars 'Under The Boardwalk', not to be missed!

LIFEBOAT DRILL

This important, mandatory exercise is held this afternoon at 4:15pm. The alarm systems throughout the ship will sound. Only emergency announcements are transmitted into your cabin. A safety video is now being shown on your TV, which demonstrates the correct way to wear your lifejacket.

ZUIDERDAM

Holland America Line

EASTERN CARIBBEAN CRUISE
SUNRISE 6:59 AM ♦ SUNSET 6:42 PM

ARRIVAL: 8:00 AM
DEPARTURE: 4:30 PM

Welcome to Half Moon Cay, Bahamas!

The original inhabitants of the Caribbean Islands were the Arawak Indians, and they lived the peaceful existence of farmers and crop-growers until the Carib Indians came along in the early 15th century. The Caribs hailed from South America, and just prior to the age of discovery, they swept up through the Caribbean chain island by island in their dugout canoes. They had no problem with navigation, because their next destination was always clearly on the horizon or at least just over it.

The Caribs were cannibals! They provided two new words to the white man's language Caribbean and Buccaneer. The first one is obvious, but the second needs some explaining. The Caribs sliced and smoked their meat over open fires with grills called boucans. When the freebooters and privateers saw this, they copied the idea and so became known as Buccaneers. No sooner were the Caribs ensconced in their new home-than they had the discoverers to contend with, and soon after that the settlers.

TONIGHT'S DRESS: CASUAL

No shorts, tank tops, swimwear, or workout attire.

FROM THE NAVIGATOR

We will arrive at the anchorage of Half Moon Cay at approximately 8:00am and expect to start tender service as soon as the local authorities clear the ship. At 4:30pm the anchor will be weighed and the ms Zuiderdam will set sail for Tortola, BVI. First we will steer a southeasterly course along the coast of Cat Island, followed by a southeasterly course into the Atlantic Ocean.

WEATHER

The weather forecast for Half Moon Cay, as of noon Saturday, is overcast with a high of 28°C/82°F.

EASTERN CARIBBEAN CRUISE
SUNRISE 6:44 AM ♦ SUNSET 6:14 PM

Captain John Scott

Born in Auckland, New Zealand, the sea and sailing have always been an important part of John's life. In 1973 he joined the Union Steam Company as an apprentice Deck Officer, sailing throughout the South Pacific. His indentures required him to be clean shaven, unmarried and not to enter hotels, drinking houses, gaming saloons or houses of ill repute. In exchange, the company guaranteed to provide him with bedding of the finest quality straw! He joined Cunard three years later, gaining broader experience (and not to mention a funny tale or two) on general cargo and container ships together with the legendary banana boats and even a live sheep carrier.

Cunard's passenger division then beckoned, where he eventually became one of the youngest Chief Officers to sail on the QE2. His Holland America career began when he sailed as Captain on the Veendam and the Windsurf. In 1999, he and his wife Susan moved to Los Angeles, where, for the next three years, he was Marine Superintendent of Crystal Cruises, before being tempted back to Holland America and its tradition of excellence, in early 2002. In 2001 he was also made a "Younger Brother of Trinity House" in England, an honor bestowed on only a small number of Merchant Navy Captains.

TONIGHT'S DRESS: FORMAL

Jacket and tie for men, tuxedo suggested.

FROM THE NAVIGATOR

After picking up the anchor we set sail on a Southeasterly course that kept Cat Island and Rum Cay on our port or left hand side. After Rum Cay we will enter the North Atlantic sailing on a Easterly course and once we are 12 Nautical Miles from land, we will aim directly to the north side of Tortola on a Southeasterly heading. We expect swell, wind and current against us as long as we are in the North Atlantic.

CAPTAIN'S CHAMPAGNE RECEPTION

Captain John Scott cordially invites you to join him and his senior staff for this evening's reception. To meet your Captain please enter the vista lounge from the starboard side entrance on deck 2. The reception begins at 4:45pm for early seating guests and 7:00 pm for main seating guests.

ZUIDERDAM

Holland America Line

EASTERN CARIBBEAN CRUISE
SUNRISE 6:11 AM ♦ SUNSET 5:58 PM

ARRIVAL: 7:00 AM
DEPARTURE: 6:00 PM

Welcome to Roadtown, Tortola!

Tortola, land of turtle doves, is located 60 miles east of Puerto Rico and is the largest of the British Virgin Islands. Road Town's scenic setting and sheltered yacht-filled harbor provide a helpful orientation to the laid-back British Virgin Islands lifestyle that has evolved over the last 400 years by English, Dutch, French, and Spanish adventurers. No trace remains of the island's original Indian population; today's 20,000 inhabitants are descended from slave owners. This friendly and diversified community tempts travelers with every sort of regional and international cuisine

found in a choice of cheerful pastel-painted restaurants, former forts, and sugar mills. Mountain peaks can be found on the southern end of the island, covered by frangipani, ginger and yellow cedar. The rain forest of Sage Mountain is on the island's highest point, 1780 feet above the sea. On the northern end of the island you will find white sandy beaches and spectacular coves fringed by mango and banana groves. Beneath its placid exterior, Roadtown is very much an international city with maritime culture.

TONIGHT'S DRESS: CASUAL

No shorts, tank tops, swimwear, or workout attire.

FROM THE NAVIGATOR

Throughout the night we will continue on a Southeasterly heading and in the early morning we will enter the Sir Francis Drake channel keeping Virgin Gorda on our Port and Tortola on our starboard. We expect the Pilot to board the ship around 6:30am and will bring us alongside around slightly Before 8:00am.

WEATHER

The weather forecast for Roadtown, as of noon Monday, is partly cloudy with a high of 28°C/82°F.

EASTERN CARIBBEAN CRUISE

SUNRISE 6:13 AM ♦ SUNSET 5:59 PM

ARRIVAL: 7:00 AM

DEPARTURE: 6:00 PM

Welcome to Charlotte Amalie, St. Thomas!

Charlotte Amalie (named after the wife of King Christian V in 1691), the capital of the Virgin Islands, has long been a busy port. The colorful melange of tropical foliage, red-roofed houses and the rich blue bay, are best seen from Blackbeard's Castle. The town's top ranking historic attraction is Fort Christian, a building that dates back to the 1670s, when it served as a combined defense post, government house, church and community hall. The earliest settlements in the Virgin Islands date back to about 1500BC, though there is evidence of human habitation going back another 1000 years.

Three known groups of Indians predated the European settlers: the Ciboneys, the Arawaks and the Caribs. The latter had only secured the islands a few decades before Columbus arrived in 1493 and disrupted them. The next 150 years were typified by unsuccessful attempts by the English, French, Spanish and the Knights of Malta to establish permanent settlements on the islands, punctuated by the naughty activities of pirates and buccaneers.

TONIGHT'S DRESS: CASUAL

No shorts, tank tops, swimwear, or workout attire.

FROM THE NAVIGATOR

After departure from Tortola and disembarking the pilot, the ms Zuiderdam will set sail on a westerly course and then sail along the south coast of the Virgin Islands straight to St. Thomas, US Virgin Islands.

WEATHER

The weather forecast for Charlotte Amalie, as of noon Tuesday, is overcast with sunny skies and a high of 27°C/80°F.

EASTERN CARIBBEAN CRUISE
SUNRISE 6:28 AM ♦ SUNSET 6:24 PM

Cruise Director Dane Butcher

Dane has always had a love of the Entertainment Industry. He first started working on the Australian television program "Heartbreak High" before many varied roles in drama shows such as "Water Rats", "Police Rescue", "G.P." to name a few, with many television commercials as well. His cruising experience began with P & O Princess then, after twelve months, onto Norwegian Star in Hawaii for the South Pacific season with Norwegian Capricorn Line, where he was Assistant Cruise Director for two years. After a short return to P & O Princess, a land-based position was next as the Entertainment Manager on Brampton Island Resort in the Whitsundays, Great Barrier Reef.

He decided to pursue his love of cruising with Holland America Line and embarked the Volendam in 2002 for the Alaska Season and then the Asia Pacific Explorer Cruise. Following that he cruised on the World Voyage 2003 onboard the Amsterdam, before making the Ryndam home for the remainder of 2003 through to 2004. Dane moved to the Vista-class series of ships in February on board the Oosterdam for it's inaugural Caribbean, Panama and Alaska seasons and now is happy to call Zuiderdam home. Dane gives much thanks and credit to his family for their continued support.

TONIGHT'S DRESS: FORMAL

Jacket and tie for men, tuxedo suggested.

ZUIDERDAM

Holland America Line

EASTERN CARIBBEAN CRUISE
SUNRISE 7:08 AM ♦ SUNSET 6:42 PM

ARRIVAL: 12:00 NN
DEPARTURE: 7:00 PM

Welcome to Nassau, Bahamas!

Nassau, the capital of the Bahamas is steeped in modern American ways but has an undeniable quasi Caribbean flavor. It exudes a special charm, imparted by a blend of Old World architecture and contemporary vitality. It's a far cry from the rustic and rowdy village once favored by pirates. The heart of the shopping district is Bay Street, where you can shop at the largest straw market in the world. Junkanoo, the nation's most famous festival, has been called "the centerpiece of Bahamian culture". The event is hosted at various venues around Christmas and New Year, when the streets and settlements resound with cow bells, whistles and goatskin "goombay" drums..

The Caribbean Muzik Fest is a week-long jam with reggae, soca, junkanoo and dance all under the same billing, featuring the best of the Caribbean's musical talent. Pomp and ceremony occur quarterly in Rawson Square in downtown Nassau, with the opening of the Supreme Court featuring the Royal Police Band.

TONIGHT'S DRESS: CASUAL

No shorts, tank tops, swimwear, or workout attire.

FROM THE NAVIGATOR

After passing Eleuthera Island the ms Zuiderdam will change course to the southwest and head straight for Nassau. The pilot will board at 10:00am. Inside the harbor, there is a turning basin, where we will turn the ship around and back her up into our berth. At 7:00pm we will cast off our lines and set sail for Ft. Lauderdale.

WEATHER

The weather forecast for Nassau, as of noon Thursday, is overcast with a high of 32°C/90°F.
